

Cynthia Cortini, D.C.

Credentials: Doctor of Chiropractic (D.C.)

**Specialties: Women's Health, N.A.E.T. (Natural Allergy Elimination Therapy),
Acupuncture, Nutrition, Chronic Illness**

Dr. Cortini's philosophy of practice encourages looking for the original cause behind the symptoms. Allergy elimination is a protocol that can resolve underlying reasons for the pain or chronic problem.

Through complete history and laboratory tests as well as neuromuscular sensitivity testing, a purposeful strategy is determined for the best patient care management. The patient is afforded chiropractic and acupuncture treatment and appropriate nutritional support for best results.
